

AISHA SIDDIKA

MEAN Stack Developer

✉ aisha.siddiqua77@gmail.com

☎ +91-991-670-1182

📍 Bangalore, Karnataka

PROFESSIONAL SUMMARY

Innovative problem solver and experienced full-stack web developer expertise in developing scalable web applications using MongoDB, Express.js, Angular, and Node.js. Proven expertise in building responsive SPAs, and developing RESTful APIs. experience in AWS services, payment integrations, implementing secure authentication authorization systems and agile development methodologies.

TECHNICAL SKILLS

Frontend Technologies:

Angular , HTML5, CSS3, JavaScript (ES6+), TypeScript, Bootstrap, Angular Material, RxJS, jQuery

Backend Technologies: Node.js, Express.js, RESTful APIs, JWT Authentication, Multer, Socket.io , Hapi.js

Databases:

MongoDB, Database Design, Data Modeling, MySQL.

Tools & Others:

AWS S3, Git, CI/CD, Karma-Jasmine, Jest, SonarQube, Grafana, Lighthouse, Stripe API

PROFESSIONAL EXPERIENCE

MEAN Stack Developer

Infosys (Payroll- Collabera Digital)

📅 January 2024 – March 2025

📍 Hyderabad

- Designed and implemented flexible Angular models using Appkit 4 design system for PwC branded applications.
- Developed comprehensive unit tests using Jest framework, achieving 85%+ code coverage.
- Built accessible, responsive web applications following WCAG guidelines and best practices.
- Collaborated with cross-functional teams in agile environment to deliver high-quality software solutions Optimized application performance and implemented PWA features for enhanced user experience.

MEAN Stack Developer

ZAZZ

📅 December 2022 – October 2023

📍 Hyderabad

- Developed RESTful APIs using Node.js and Express.js.
- Implemented secure authentication systems including JWT, basic Auth, AWS Secret Manager integration.
- Integrated Stripe payment gateway for subscription management and transaction processing. Created customers, connected accounts, charges, transfer and payouts.
- Built scalable backend architecture using MongoDB with optimized database queries.
- Developed mobile applications for Android and iOS platforms with cross-platform compatibility.
- Implemented and maintained CI/CD pipelines using GitHub Actions to automate testing, building, and deployment

Software Developer

Zibtek

📅 February 2020 – November 2022

📍 Bangalore

- Developed scalable Single Page Applications (SPAs) using Angular and responsive design principles.
- Implemented template-driven and reactive forms with custom validations and error handling.
- Integrated RxJS for reactive programming and efficient asynchronous data stream management.
- Configured AWS S3 bucket integration using Multer for secure file storage and retrieval. Maintained comprehensive documentation and presented project updates to stakeholders.

KEY PROJECTS

Lit or Unlit - Content Rating Platform

Built comprehensive rating system for products, services, and social media content with advanced ranking algorithms
Implemented real-time data synchronization and responsive UI using Angular and Bootstrap

BuildBoss - Bid Management System

Developed multi-tier user access system with role-based permissions and payment integration Created contractor invitation and bidding workflow with automated notifications.

BodyLove - Fitness & Nutrition Platform

Built subscription-based learning platform with instructor-student interaction features Implemented community features and lesson management system with secure user authentication

Maxion

MAXION is Dating Android and IOS APP , where users can create profiles , search matches, create dates, book hotels, chat , report and block. Admin approves the user account , suggests date Idea, Delete users.

Smile

Smile is Interview Scheduling Android and IOS APP, where Dental hospital can post Jobs , view dental professional resume, schedule interview and hire. It also has rating feature.

LMA

An app to create a platform where consumer can avail services like plumbing, electrician, cleaning at last minute also by availing services with nearest local businesses. Toplisting feature with payment.

EDUCATION

B.E. Computer Science & Engineering | 2010 - 2014

B.D.T College of Engineering, Davangere

First Class with Distinction (73.34%)

Full Stack Web Development Certification

Web Stack Academy, Bangalore

CERTIFICATIONS

AI First Software Engineering

GitHub Copilot Certification

MongoDB for Node.js Developers

Responsible AI - Foundation
